HPL INTERIORS

CEL COMPONENTS

INTERIORS IN HPL

The characteristics of HPL laminate, combined with Italian quality and CEL design, contribute in creating a series of modular and unique furnishings, with outstanding resistance, and durability.

Lockers, partition walls and modules for bathrooms and changing rooms, are carefully designed to be cleaned easily, adaptable to public and private environments, and compatible with any volumetric space to be furnished.

Since 1992 CEL Components has been bringing innovation into furnishing and design. The HPL serie combines elegance and outstanding brand performances.

SMART AND DIGITAL LOCKERS

FIRST MODEL

Mechanical locks with four solid colours available. Produced with high quality HPL laminate. Mechanical locks with key, padlockable or with code are available. Excellent for factories changing rooms equipped with a dirty / clean compartment.

Standard compartment sizes are 90/60/45 cm. In addition, the small 30 cm compartment is ideal for storing bags and backpacks.

EXCLUSIVE MODEL

Wood-pattern certified HPL lockers with digital locks meet the needs of the most demanding customers. Elegant exclusive finishes are combined with safe modern electronic and digital security locks. We offer numeric code locks, MIFARE RFID proximity sensor locks with card or bracelet, and the innovative locks that can be managed with a smartphone App.

A SOLUTION FOR EVERY NEED

Cel Components offers furnishing solutions for changing rooms, factory washrooms, sports centers, schools and hospitals.

In addition to partitions and lockers, we design and provide washbasins, benches and much more.

CEL plans your lockers at the very first stage in order to adapt it to the spaces available.

Besides it projects handles and feet, available in different materials: stainless steel, nylon and aluminium.

HPL LAMINATE

HPL laminate is ideal for the construction of furniture modules, cabinets and boxes for external and internal environments such as bathrooms, swimming pools, canteens, or for industrial changing rooms; in fact it has remarkable properties:

Solid, compact, self-supporting.	Scratchproof.	Shock resistant.	Water repellent.	Antibacterial.	Resistant to chemical and organic agents.	Low emissions of smoke and gases.	Surface finish pleasant to the touch.	Easy to clean.
